***NZRA River Rescue Training***

Pre-requisite to training course. Equipment as per list.

- 14<sup>th</sup> November Meet at Queenstown Rafting Base at 8.00 am  
River Rescue Training.
- 15<sup>th</sup> November River Rescue Training.
- 16<sup>th</sup> November Last day of River Rescue Training. This day works in with the rescue workshop allowing those of you who demonstrate competency to continue on and complete the workshop as well.

***NZRA River Rescue Workshop***

*Pre-requisite to workshop: Equipment as per list. All participants will be required to show their personal skill level to be of a standard measurable against the new River Rescue US 26513 before continuing on with workshop. Please note for those who only book for the workshop, this level must be shown on the first day or workshop fee is non refundable. This platform level has been set to identify that all participants are suitably skilled to participate in the activities of the workshop.*

- 16<sup>th</sup> November Meet at Queenstown Rafting Base at 8.00 am
- 17<sup>th</sup> November Objective to increase personal and industry knowledge of River Rescue skills. Participants will be put into ability groups and undertake work stations.

Work stations may include (but not limited to):

- First Aid
- Underwater
- Vertical Hoist
- Entrapments – using crafts and rope systems
- Knives
- Other platforms ie: safety kayakers, river boarders
- Victim and gear retrieval

- 18<sup>th</sup> November Olympic type scenarios – debriefing

***There may be some requirements for evenings sessions for First Aid – attendance will be required in order to obtain a refresher certificate.***

*I also acknowledge that the NZRA cannot absolutely guarantee my safety.*

Signed: \_\_\_\_\_

Dated: \_\_\_\_\_

## IMPORTANT INFO

We've met a lot of people on these courses over the years and have come to realise the different outcomes that we all want from being on the course. It is really handy to know how you fit in for preparation and planning, so please indicate what best describes your situation

- I am an international guide and I have not attended a New Zealand Rescue Course before. I am seeking a New Zealand Qualification in the near future so that I can work on New Zealand rivers. (see below)
- I am a qualified New Zealand Raft Guide (Grade \_\_\_\_\_) and just want to practise, refresh and improve my River Rescue Skills.
- I am a qualified New Zealand Raft Guide (Grade \_\_\_\_\_) and I have enrolled with Skills Active to take the next step to becoming a Senior Raft Guide (Grade \_\_\_\_\_). (see below)  
I already hold First Aid US 424?    YES    NO    DON'T KNOW
- I am a Senior Guide but do not hold First Aid US 424 and require assessment.
- I sometimes work around rivers in my job as a \_\_\_\_\_ and I just want to practice, refresh and improve my River Rescue Skills.
- Rivers are freakin' awesome and I just want to practise, refresh and improve my River Rescue Skills.

### Upcoming Senior Guides

The NZRA River Rescue Course is one pathway in the process of becoming a Senior Guide. Many of the river rescue assessment criteria are difficult to assess in a normal individual assessment and can be quite expensive to organise, so the course is an ideal situation for these parts of an assessment.

**YOU MUST ALREADY BE ENROLLED WITH SKILLS ACTIVE AND BRING ALONG YOUR WORKBOOK** and we will try and work through a bit of the assessment. Workbooks should be presented on day 1 so as you are identified to the Assessors.

***It is important that you realise that it is not a Senior Guides assessment, just an opportunity to look at some of the rescue management skills. However if indicated prior First Aid Unit 424 assessment can be undertaken.***

### International Guides

As a current raft guide coming to New Zealand it is important for you to align your practices with New Zealand guides and vital that you become Qualified. The NZRA River Rescue Course is a valuable stepping stone in both aspects. Some of the river rescue assessment criteria are difficult to assess in a normal individual assessment and can be quite expensive to organise, so the course is an ideal situation for these parts of an assessment.

If you are looking to get assessed in NZ it is important you register with Skills Active (the New Zealand Industry Training Organisation <http://www.skillsactive.org.nz/Default.aspx?page=2520> ). There is a fee to register for qualifications. Skills Active will send you a workbook that you will use for your assessment.

Otherwise, to take advantage of this opportunity **you must already be enrolled with Skills Active**, bring along your workbook and where possible we will work through some of the assessment.

***It is important that you realise that it is not an entire River Guides assessment, just some of the rescue components – dates will be set within 2-3 weeks of the workshop for assessment days. The workshop will be a good place for feedback on where you are at for a guide assessment.***

## GUIDE MEMBERSHIP APPLICATION FORM

All information pertaining to the application will be used in accordance with the Privacy Act 1993. We will retain your details so that we may provide you with information relating to the NZRA. You have the right under the Privacy Act 1993 to access and correct your details.
